* Requires low rear ring and medium front ring.

Ring Codes

SL = Super Low Ring L = Low Ring M = Medium Ring H = High Ring
F = Front Ring R = Rear Ring MXX = Medium Extention Front & Rear
XH = Extra High Ring X = Extended Ring
* = Low rings can be used on non-posi-lock model
Example MXF = Medium Extension Front

XTR Low 1/4" = standard ring Medium
XTR Med 1/2" = standard ring X-High
XTR High 3/4" = standard ring XXX-High
XTR X-High 1" = standard ring XXXXX-High
(good for AR-15 Flat Top applications)

Base Codes

SU = Supreme Universal Base (dovetail front, windage adjustable rear)
TU = Trumount Universal Base (dovetail front, windage adjustable rear)
LU = Long Eye Relief Base (dovetail front, windage adjustable rear)
REV = Reversible Front Base (.850" longer than standard)
DD = Double Dovetail (dovetail front and rear)
LA = Long action SA = Short action
LH = Left hand

Notes: Some rifles with heavy/varmint barrels may require one size higher rings. Fits will vary depending on gun modifications and shooting posture. All Posi-Lock models require medium rings instead of low rings on all one-piece bases. XTR Rings are much higher than all other ring heights as designated on this page.
